

Make a winter wreath

Collect your materials

Bendy twigs, pine cones, fallen leaves, seed heads, and long grasses

Make a frame

Make a circular frame out of your twigs. Tie them together or glue them in place.

Decorate

Add colour and texture to your frame with pine cones and bits of fallen greenery.

For extra colour spray with paint or glitter.

Hang up

Use a brightly coloured ribbon or some string to hang your festive winter wreath on your front door or a wall.

More ideas

You don't have to stick to a circular frame – try other shapes like a square, oval or a star like this one.

What else can you a frame from? These pine cones look fab!
