

# Scents of spring

spring

You will need to bring an old container such as a yoghurt pot with you for this activity. Look for things on the woodland floor, pick them up, crush them or break them between your fingers and smell. Add any smells to your pot that you like to make a spring woodland scent. Use a stick to mash them together.

Which animals may be attracted to your woodland scent? A bumble bee? A badger? A blackbird? You could find a place in the woodland to leave your woodland scent, for the animals to smell as they wander past.
